# JANUARY 2021

**Promotions valid from : Friday 1st January to Thursday 28th January**

Happy New Year to all of our wonderful customers!

As we enter a new year it's often a time to reflect on the year just passed and, if we are safe and well, then to count our blessings.

May we say a BIG THANK YOU for your continued custom, we hope that we have been able to assist you to keep your site open during the pandemic.

No doubt further challenges are still ahead of us in regards to the Coronavirus and the uncertainties of what Brexit will bring. However, we are certain that by working together and keeping the lines of communication open we will be able to ride any storm that comes our way.

We hope that during 2020 you have seen the commitment and care that we pride ourselves on, and during 2021 we will continue to seek to make improvements.

We welcome any suggestions you may have.

We kick off 2021 with great season starter promotions, both in ice cream and frozen food and don't forget to check out our extensive range of cabinets and freezers (pages 20 - 23).

Finally we are pleased to announce a new partnership with Vegware, (see backpage) a supplier of 100% compostable food service and grab & go containers, cutlery and cups. We have a range of 30 SKU's, therefore please speak to a member of our sales team if you would like to know more.

May we wish you all a safe and prosperous 2021.

From all at Consort Frozen Foods.

# KEEP SUSTAINABILITY ON THE MENU

MANUFACTURING THE WORLD'S BEST ECO PACKAGING SINCE 2006

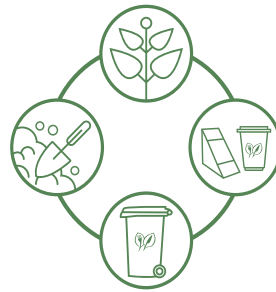

Disposables were invented for hygiene, and Vegware was invented for sustainability. Meet your customers' demand for eco-friendly disposables with Vegware's extensive range of compostable packaging.

## IN STOCK FROM JANUARY 2021!

There's an extensive range of products available to Consort to suit all your grab-and-go needs.

### COMPOSTABLE VS BIODEGRADABLE

Biodegradable tells us nothing about how fast something can break down. Vegware is compostable – meaning our packaging can break down in under 12 weeks in composting conditions, and is therefore suitable for industrial composting.

### GOOD FOR YOUR MENU & GREAT FOR THE PLANET

Vegware is made from plants using renewable, lower carbon, recycled or reclaimed materials, and designed to be commercially compostable with food waste, where accepted. Your customers will love the quality, look and feel of our premium products! And Vegware's Environmental team can work with sites to help them compost their Vegware.

If you would like to find out how vegware could work for your business or to request samples of the range, please contact our sales teams -
